Fairbanks International Airport: East Side Utilities Phase 2 **FY2002 Request: $1,450,000**
Reference No: 34625

AP/AL: Allocation
Project Type: Construction
Category: Transportation
Location: Fairbanks Areawide
Contact: Kurt Parkan
House District: Fairbanks Areawide (HD 29-34)
Contact Phone: (907)465-3900
Estimated Project Dates: 07/01/2001 - 06/30/2006
Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:
The water/sewer mains serving the east side of the airport will be rerouted from the existing feed lines coming from the west side of the airport and crossing underneath two runways. The feed lines have had a high level of maintenance problem and require excessive time and staff when repair work is needed due to their location within radio controlled and secured areas. The mains will be extended from their current end point near Davis Road and travel south along University Avenue, underneath the expressway, and link into the existing mains on the airport. This will also allow for future lease lot development to have access to water/sewer services and may include other improvements as funding allows.

Funding:	FY2002	FY2003	FY2004	FY2005	FY2006	FY2007	Total
IntAptCons	$1,450,000						$1,450,000
