Brief Summary and Statement of Need:
This request is project #1 on the November 7, 2011 School Construction list. This project will provide the completion of the design, and the construction of a new 26,988 square foot high school wing that will replace the existing 15,750 square foot high school, built in 1980. Code requirements will be corrected in the 18,760 square foot elementary wing, built in 1993, along with abatement of hazardous materials. Mechanical and electrical systems will be renovated. Building-wide direct digital controls, sprinkler, fire alarm and communication systems will be installed. Floor, wall, and ceiling finishes will be upgraded. The exterior windows, doors, and roof will be replaced.
