

# **State of Alaska FY2003 Governor's Operating Budget**

## **Department of Education and Early Development State Board of Education Component Budget Summary**

## **Component: State Board of Education**

**Contact: Karen J. Rehfeld, Director**

**Tel:** (907) 465-8650 **Fax:** (907) 465-3452 **E-mail:** Karen\_Rehfeld@eed.state.ak.us

### **Component Mission**

To provide leadership to ensure that all Alaska children will become lifelong learners.

### **Component Services Provided**

This component provides the funding for transportation and meeting costs for the State Board of Education & Early Development and a support position to coordinate board activities, meeting notices, and preparation for additional board meetings. The State Board is the head of the department and is responsible for adopting regulations necessary to implement statutory requirements.

### **Component Goals and Strategies**

1. Establish statewide goals for Education & Early Development
2. Adopt regulations implementing education laws
3. Approve the department budget

### **Key Component Issues for FY2002 – 2003**

The State Board of Education and Early Development has specific responsibilities in establishing education policy through adopting regulations to implement statutes and provide direction to Alaska's public school system.

The Board continues to meet at least quarterly face to face and through teleconference meetings to propose and adopt regulations. The board strives to engage the public in this important work through meeting notices and electronic media.

Improving achievement for all students through standards based instruction and assessment and integrating early development programs to prepare children for school success are key issues for the board.

### **Major Component Accomplishments in 2001**

Conducted second administration of the High School Graduation Qualifying Exam and Benchmark Assessments in March and October of 2001.

Reported the results of the HSGQE and Benchmark Assessments to students, parents, schools, school districts, the legislature and the public. The state presented disaggregated data for the state and school districts in the fall of 2001.

Successfully refocused the HSGQE to assess student achievement of essential skills to align with legislation passed in 2001 that delays implementing the high states consequences of the HSGQE until the Spring of 2004.

Worked with the governor's Education Funding Task Force in developing a five-year financing plan for providing school districts with the resources to ensure that all our students are meeting high academic standards. This plan was utilized extensively during the 2001 legislative session.

Completed statutorily required reports to the legislature on implementing the public school funding program passed in 1998. The new formula substantially changed how funding is allocated among school districts in Alaska. The reports include a comparison on the per school funding in the new formula to the use of funding communities in the old funding formula including a thorough review of educational adequacy in the schools of Alaska.

Directed school districts to use Learning Opportunity Grant funds to provide direct student intervention programs to improve student achievement and require measures of student academic gain to assess impact and effect of these funds.

Secured a \$2.5 million federal Teacher Recruitment and Retention Grant to assist school districts in efforts to recruit and retain high quality teachers. This grant is renewable for up to 5 years.

Secured a 3 year \$8.5 million federal Reading Excellence Act grant to fund early literacy efforts in targeted communities and schools.

Refined the Developmental Profile and provided guidelines and materials to school districts to better ensure consistent application and understanding.

Completed the transition of childcare licensing from the Department of Health and Social Services. A statewide licensing staff has been assembled and trained, new childcare regulations have been adopted that enhance quality, support school readiness, and provide safer environments for children.

Provided childcare subsidy in over 30 Alaskan communities through local non-profit or municipal program administrators and subsidized childcare costs for approximately 5,400 children per month.

Supported child care providers in enhancing their staff training programs or facility through the child care grant program.

### **Statutory and Regulatory Authority**

Article III Section 26 of the State Constitution  
AS Title 14 Education  
4 AAC
