

# **State of Alaska FY2006 Governor's Operating Budget**

## **University of Alaska Matanuska-Susitna College Component Budget Summary**

## Component: Matanuska-Susitna College

### Contribution to Department's Mission

Matanuska-Susitna College (MSC), an extended college of the University of Alaska Anchorage, has two primary missions. First, the college serves the geographically and culturally diverse regions of the Matanuska-Susitna Valley, and second, as a college within the largest university in Alaska, it serves the people of the state and the nation. The mission of the college reflects a desire to build on the strengths of the history of the state, its diverse languages and cultures, and individual experiences of our students. It is our goal to reflect the past and to influence future directions of the cultural and academic life of the community and the state through an informed and academically rigorous curriculum. MSC's curriculum offers well-developed general education components, allows students to pursue individual interests, and offers a meaningful variety of certificate, associate, and baccalaureate degree programs. The college faculty and staff are dedicated to providing an atmosphere conducive to the free exchange of ideas and to the principles of academic freedom.

The college seeks to graduate students who welcome the challenges of living within the diversity of the world views and creative expressions; who think critically and act responsibly within these environments; who are prepared for the world of work; and who value close relationships between the college, their local communities, the State of Alaska, and the nation.

Matanuska-Susitna College is dedicated to providing excellent, life-long learning opportunities for all adults. The college's open enrollment policy, instructional methods dedicated to a variety of learning styles, and a broad range of student services are essential to its dual mission.

The college also strives to produce students who recognize the role of information technology in the modern world, the special role of technology in education and creativity, and its potential to enhance dialogues among diverse groups of people. To these ends, the college offers a wide range of information technology classes, integrates technology across the curriculum, and continually assesses and revises its opportunities for extended learning.

### Core Services

#### Educational Programs

Mat-Su College offers certificates in Architectural Drafting, Civil Drafting, Mechanical and Electrical Drafting, Structural Drafting, Computer and Networking Technology, Telecommunications and Electronics Systems, Office Technology, and Refrigeration and Heating Technology. Additionally, the college offers Associate of Applied Science degrees in Accounting, Architectural and Engineering Technology, Computer Information and Office Systems, Computer Systems Technology, Telecommunications Electronics and Computer Technology, Fire Service Administration, Human Services, Office Management and Technology, Refrigeration and Heating Technology, and Small Business Administration, and an Associate of Arts degree in general education. (The college offers the entire four-year curriculum in Human Services and substantial upper division course sections in Social Work so that students may complete the coursework for UAA's baccalaureate degree.)

### FY2006 Resources Allocated to Achieve Results

<b>FY2006 Component Budget: \$7,895,200</b>	<b>Personnel:</b>	
	Full time	44
	Part time	2
	<b>Total</b>	<b>46</b>

## **Key Component Challenges**

The college will push to secure additional funding for full-time faculty members, to increase the ratio of full-time to part-time faculty, as recommended by the accreditation commission.

Mat-Su College again received Workforce Development funding for faculty members to support the need for continuum of Early Childhood Development (ECD) certificate and Associate of Applied Sciences (AAS) programs.

Additional space requirements are a major issue being addressed. MSC is investigating hybrid course offerings which will free up classroom space and offer another learning format to our students.

Title III grant funding ends in October 2004.

## **Significant Changes in Results to be Delivered in FY2006**

- Continue with the development and program offerings for the Early Childhood Education program to meet community needs.
- Restructure the EMT and Fire Service Administration programs at the request of the local department of emergency services to better accommodate those needs.
- Continue to build a new program sub-specialty in Computer Systems Technology that specifically addresses security.
- Expand on distance education offerings.

## **Major Component Accomplishments in 2004**

Workforce Development funding again was received for the AAS in Computer Systems and the Early Childhood Development program.

Cisco training has increased, and two additional adjunct faculty members have been trained to teach the first two levels of Cisco classes, while another has been trained on levels 3 & 4.

The Mat-Su Valley residents and health care providers are enjoying the nursing program at Mat-Su College in cooperation with UAA.

Headcount enrollment has increased 10% over the last two years and student credit hours have increased by 24% over the last four years) at the Mat-Su College.

The Snodgrass Hall renovation project is complete. The southeast corner now houses a new learning resource center, three faculty offices, a small general classroom and a larger double classroom which is wired for distance education.

A backup generator was installed in the Fred & Sara Machetanz building.

Cafeteria and kitchen area renovation and expansion are complete.

## **Statutory and Regulatory Authority**

No statutes and regulations.
