Project Description/Justification:

This project funds the replacement of law enforcement equipment for the Division of Alaska State Troopers.

Annual funding is needed to provide the primary law enforcement organization in the state with basic law enforcement equipment necessary for state troopers to provide service to the public. Equipment regularly needs replacement because of constant use and normal wear and tear.

This project will provide funding for the following types of equipment; however other types of equipment may be purchased if it is deemed more mission critical than these items at the time of purchase.

Law Enforcement Equipment Replacement

FY2007 Request: \$600,000
Reference No: 37774

New and replacement electronic equipment: \$475,000

This category of equipment includes both handheld portable radios and vehicle mounted mobile radios, radar units and related equipment, digital cameras, computers, scanners, printers, and video equipment for use in crime scene and other documentation and evidence gathering.

Law enforcement equipment: \$125,000

This request would purchase LIDAR (LASER) units used for vehicle speed enforcement and for accurate documentation of crime scenes and vehicle collision scenes, night vision goggles for search and rescue and criminal apprehensions, and stinger tire deflators. Also included in this category are FLIR (Forward Looking Infra Red) scanners used to detect body heat emitted by humans for use during search and rescue missions.
