

Governor's FY2009 Operating Budget Amendments

	A	B	C	D	E	F	G	H	I	J	K
1	Department	RDU/ Component	PFT	PPT	NP	Description	General Funds	Federal Funds	Other Funds	Fund Source	Total Funds
2	Administration	Office of Administrative Hearings				Second year fiscal note impact for Chapter 50 (HB 162), SLA 2007, An Act Relating to Mortgage Lenders, based upon an updated caseload projection from the Department of Commerce, Community, and Economic Development.			44.0	Interagency/Rcpts	44.0
3	Administration	Office of Public Advocacy				Office of Public Advocacy (OPA) caseload growth is continuing in FY2008. This seems to be driven by a number of factors: prosecution of cold cases, large co-defendant drug cases, a significant increase in the number of conflict cases assigned to OPA due to more aggressive and consistent conflict analysis by the Public Defender Agency, and a trial rate that is up 61% in Anchorage and the Mat-Su. Additionally, public guardian caseload is up 13% this year. Similarly, child advocacy caseloads are up 13%. This has resulted in the need for supplemental funding for FY2008 of \$2,400.0. The expectation is that caseload increases experienced in FY2008 will continue in FY2009. Therefore, a funding increase equal to the amount of the FY2008 supplemental is requested for FY2009.	2,310.0		90.0	Statutory Designated Program Rcpts	2,400.0
4	Administration	Public Defender Agency	2			Public Defender Agency (PD) caseload growth is continuing in FY2008. Statistics gathered thus far indicate the PD can expect over 10% increases in felonies and misdemeanors, and a near doubling of Child In Need of Aid (CINA) cases for the Southcentral and Southwest regions of the state. The PD is also experiencing an increased trial rate in the Anchorage office. This has resulted in the need for supplemental funding for FY2008 of \$820.0. The expectation is that caseload increases experienced in FY2008 will continue in FY2009. Therefore, a funding increase equal to the amount of the FY2008 supplemental is requested for FY2009.	820.0				820.0
5	Administration	Alaska Public Offices Commission				The Alaska Public Offices Commission (APOC) is requesting increased funding to provide for three additional annual commission meetings and to cover the costs of additional hearing officer, independent counsel, investigator, paralegal, and regulations analysis services as well as additional administrative support. Some of this work may be done with a non-permanent employee or employees. Alaskans are demanding increased review and oversight of the conduct of public officials. The funding requested here will enable the APOC to begin the work necessary to respond to this demand.	139.6				139.6
6	Administration	Violent Crimes Compensation Board				Reduce grant increase due to over-appropriation of PFD Felon funds created by the exempt health insurance and GGU increase. Reconciles the PFD Felon funds to the FY09 allocated amount.			(8.5)	PFD Felon	(8.5)
7	Commerce, Community, and Economic Development	Office of Economic Development	1			Amendment to restore the Development Manager position that was deleted in the Governor's budget. Funding for this position was transferred to Community and Regional Affairs to support a new Grants Administrator. DCCED wants to replace the funding they transferred to C&RA with excess Business License receipts.			83.0	BLic Receipts	83.0
8	Commerce, Community, and Economic Development	Office of Consumer Affairs and Investigations			(1)	Delete the Administrator of Investigations - The department has decided that the position is not needed.					0.0
9	Commerce, Community, and Economic Development	Alaska Energy Authority				AEA previously received \$300.0 Denali Commission training dollars through an RSA with Labor. Starting in FY09 they will receive this funding directly from the Denali Commission. In addition they will receive a funding increase to conduct additional power plant operator training and for an every other year hydroelectric plant operator training class.		500.0	(300.0)	Interagency Receipts	200.0
10	Education & Early Development	K-12 Support / Special Schools				Annual adjustment to FY09 calculation for Special Education Service Agency (SESA) per AS 14.30.650.	(23.2)				(23.2)
11	Education & Early Development	Student and School Achievement				Correction of late session transactions for TRS solution that erroneously cut the component twice for the GF reduction desired. (Also included in supplemental bill.)	353.8	(353.8)			0.0
12	Education & Early Development	Student and School Achievement				Correction to erroneous FY2008 Conference Committee TRS 12.56% Adjustment. (Also include in supplemental bill.)	174.5	(174.5)			0.0
13	Education & Early Development	Head Start Grants				Correction of late session transactions for TRS solution that erroneously cut the component twice for the GF reduction desired. (Also included in supplemental bill.)	6.0	(6.0)			0.0

19	Education & Early Development	Mt. Edgecumbe Boarding School				Correction to erroneous FY2008 Conference Committee TRS 12.56% Adjustment. (Also include in supplemental bill.)	138.4		(138.4)		0.0
20	Education & Early Development	Library Operations				No longer requesting Library Services and Technology Act (LSTA) fund switch to GF. These federal funds can continue to be used for Live Homework Help.	(65.0)				(65.0)
21	Environmental Conservation	Water Quality				Ocean Ranger Program receipts have been higher than anticipated in FY08. This increase in receipts is included in the supplemental request for FY08, and also needs to be reflected in the FY09 budget.			200.0	CPVEC Fund	200.0
22	Fish and Game	Southeast Region Fisheries Management				State support for Southeast Alaska salmon management biologists. Salmon management is a core responsibility of the department both to provide sustained yield of these resources and to assure benefits to the public for ongoing harvest. Pacific Salmon Treaty Grant reduction	181.4				181.4
23	Fish and Game	Southeast Region Fisheries Management				State support for the Southeast Alaska salmon port sampling program. Collection and analysis of data necessary to maximize use of fishery resources as well as achieve allocation objectives for pink, coho and Chinook salmon. Pacific Salmon Treaty Grant reduction	324.2				324.2
24	Fish and Game	Southeast Region Fisheries Management				State support for Southeast Alaska coho salmon indicator stocks. This funds continuation of research on three long-term coho salmon indicator stocks in Southeast Alaska, coho escapement surveys in the Ketchikan area, and monitoring of the Ford Arm Lake sockeye population. Pacific Salmon Treaty Grant reduction	257.9				257.9
25	Fish and Game	Southeast Region Fisheries Management				State support for Southeast groundfish/shellfish research and management. This program funds research and stock assessment activities on shellfish and groundfish species for which life histories, reproductive rates, population estimates, and other biological parameters are completely unknown or poorly documented. Typically, lack of information has limited or prevented development of commercial fisheries on species with insufficient information. FMP-EJ and Nearshore Grants elimination	517.1				517.1
26	Fish and Game	Southeast Region Fisheries Management	1	1		Transfer corresponding positions related to federal reductions from the Commercial Fisheries Special Projects component.					0.0
27	Fish and Game	Central Region Fisheries Management				State support for shellfish/groundfish projects. This program gathers biological and life history information on a number of nearshore species of commercial importance including shrimp, scallops, crab and various groundfish species to provide sustainable commercial fishing opportunities. Also funds an important database project. FMP-EJ and Nearshore Grants eliminations	531.8				531.8

Governor's FY2009 Operating Budget Amendments

	A	B	C	D	E	F	G	H	I	J	K
28	Fish and Game	AYK Region Fisheries Management				State support for Lower Yukon River test fishery and stock assessment program. This program funds projects to identify whether commercial fisheries can be opened to harvest Chinook and chum salmon as the fish move through the various fishing districts along the Yukon River. This data is also used to adjust commercial fisheries harvests in order to provide priority for state subsistence fisheries. Yukon River Salmon Agreement Studies Grant elimination	100.1				100.1
29	Fish and Game	AYK Region Fisheries Management				State support for Yukon River salmon management sonar program. This project has been in operation since 1986. The abundance, run timing, and biological data provided by this project enables fishery managers to meet escapement goals, comply with treaty commitments with Canada, and provide maximum harvest opportunities for subsistence and commercial users along the entire length of the Yukon River. Yukon River Salmon Agreement Studies Grant elimination	454.3				454.3
30	Fish and Game	AYK Region Fisheries Management				State Support for Yukon River subsistence harvest estimations. 	A	B	C	D	E	F	G	H	I	J	K
80	Law	Third Judicial District: Anchorage				Increased Leased Space The Department of Law leases office space in Anchorage for the Criminal and Civil Divisions under the terms of a joint lease of the Brady Building and the Whale Building. As the department has grown over the years additional lease space has only been available on a sporadic basis resulting in extreme overcrowding at times. The Department has recently been notified by the lessor that approximately 4,200 square feet of usable space will shortly be available in the Brady Building. The additional square footage is estimated to cost \$200,000 per year - 55% is to be allocated to the Civil Division at a cost of \$110,000 per year and approximately 45% is to be allocated to the Criminal Division at a cost of \$90,000 per year.	90.0				90.0
81	Law	Deputy Attorney General's Office				Increased Leased Space The Department of Law leases office space in Anchorage for the Criminal and Civil Divisions under the terms of a joint lease of the Brady Building and the Whale Building. As the department has grown over the years additional lease space has only been available on a sporadic basis resulting in extreme overcrowding at times. The Department has recently been notified by the lessor that approximately 4,200 square feet of usable space will shortly be available in the Brady Building. The additional square footage is estimated to cost \$200,000 per year - 55% is to be allocated to the Civil Division at a cost of \$110,000 per year and approximately 45% is to be allocated to the Criminal Division at a cost of \$90,000 per year.	110.0				110.0
82	Law	Oil, Gas and Mining				BPXA Corrosion Litigation To pursue claims for penalties and lost revenues for the 2006 Prudhoe Bay pipeline spills and production shutdowns. Based upon information gathered to date, the Department of Law anticipates making a recommendation to commence litigation to recover the State's revenue losses, as well as civil penalties and damages under the state's environmental statutes. This is a complex matter with many documents. It is anticipated that the FY09 litigation phase activities will cost \$4.7 million for costs of counsel, document management, experts, and litigation costs. The case budget for FY09 is broken down into pre-litigation filing activities and then nine months of litigation. The Department anticipates the litigation will last three to four years at least and that additional appropriations will be needed in future years.	4,700.0				4,700.0
83	Military & Veterans Affairs	Army Guard Facilities Maintenance	(1)			Transfer PCN 09-0012 Engineer/Architect II to DOT. Position will remain at Ft. Richardson and paid for by an RSA from DMVA. The hope is that DOT will have a better chance of filling the position than DMVA has had.					0.0

104	Public Safety	Alcoholic Beverage Control Board				Vehicle cost increase due to increased rates. The supplemental bill contains a similar request.	2.2			GF/PR	2.2
105	Revenue	Natural Gas Commercialization				Establishes a new Natural Gas Commercialization component within the Administration and Support RDU in the operating budget as indicated by the AGIA fiscal note #5 for Ch. 22 SLA 2007 (HB 177) and provides the FY2009 operating funds as indicated on the fiscal note. The initial FY08 portion was funded in the capital budget, but future funding should go into the operating budget.	1,221.0				1,221.0
106	Transportation	Transportation Management and Security				Maintenance and Operations of Maintenance Management System The Department is nearly finished deploying a new Maintenance Management System (MMS) which was funded with federal receipts in the capital budget. Ongoing costs to maintain MMS are ineligible for federal funds, and general funds are needed to continue operating the system. The Maintenance Management System (MMS) has been developed as a web-accessible, computer-based management tool for the Department's transportation assets - highways, airports, bridges, ports and harbors. This will enable the department to provide uniform and consistent reporting of work activities and expenditures across the state. It will provide the maintenance managers with a standard tool to plan, schedule and track work activities.	437.5		(118.1)	Capital Improvement Project Receipts	319.4

108	Transportation	Statewide Information Systems	3			Maintenance and Operations of Maintenance Management System Three fulltime Analyst/Programmer positions were established in the FY04 budget to provide support for the deployment and implementation of a maintenance management system (MMS). With MMS transitioning from a CIP-funded project into an ongoing State-funded IT system, the analyst/programmers (25-3575, 25-3576 & 25-3577) in the regional Highways and Aviation components are being consolidated into the Statewide Information Systems component.					0.0
109	Transportation	Statewide Aviation	1			Funds for a Airport Leasing Officer Authorization is requested for an Airport Leasing Officer I/II position established in FY08 (supplemental request for \$35.0). This position is needed to keep up with the ever increasing workload that the Juneau Office (currently a one-person office) has experienced over the last several years. The addition of this position will increase the direct contact with airport tenants and on-site airport management personnel which will lead to better oversight of airport tenant operations. Duties of this position include negotiating leases, permits and concession agreements that generate revenues.			70.0	Rcpt Supported Services	70.0
110	Transportation	Program Development				Maintenance and Operations of the Road Weather Information System (RWIS) State funding is necessary to maintain the software, equipment and overall communication network of the Department's RWIS. The Federal Highway Administration has denied access to federal funds beginning in SFY09. The only eligible federal funding available for maintenance is equipment replacement that has reached the end of its lifecycle. The RWIS network is a collection of Environmental Sensor Stations (ESS) strategically located along major roadways. Each station has weather sensors that collect atmospheric, pavement conditions, sub-pavement temperatures, and images to display the roadway conditions.	257.4				257.4
111	Transportation	Statewide Public Facilities	1			Transfer PCN 09-0012 from the Department of Military and Veterans Affairs (DMVA) DMVA is not able to fill the legislatively approved and funded position for an Engineer/Architect. The position will manage DMVA facilities projects under the guidance of the DOT&PF Statewide Public Facilities Chief. Duties will include the design and construction of new buildings, additions, major repairs and remodeling of existing DMVA buildings, as requested by DMVA. The position will be funded by DMVA through an annual reimbursable services agreement.			128.7	Interagency Rcpts	128.7
112	Transportation	Central Region Highways and Aviation				Elmore Road Maintenance Increased maintenance and operations due to the opening on December 14, 2007 of Elmore Road (formerly known as the Abbott Loop Road Extension) in Anchorage. Maintenance costs for the additional 7.33 lane miles include overtime, electricity for street lights, contracted snow hauling, additional heavy equipment usage, fuel, sand, grader blades and winter chemicals.	48.1				48.1
113	Transportation	Central Region Highways and Aviation	(1)			Maintenance and Operations of Maintenance Management System A fulltime Analyst/Programmer position was established in the FY04 budget to provide support for the deployment and implementation of a Maintenance Management System (MMS). With MMS transitioning from a CIP-funded project into an ongoing State-funded IT system, the analyst/programmer in the Central Region Highways and Aviation component is being transferred to the Statewide Information Systems component.					0.0
114	Transportation	Central Region Highways and Aviation				Maintenance and Operations of Maintenance Management System Delete direct CIP receipt authority used during the design and implementation of the Maintenance Management System (MMS) as a capital project funded by the Federal Highway Administration. Ongoing operating costs of MMS are not eligible for federal funding.			(73.2)	Capital Improvement Project Receipts	(73.2)

115	Transportation	Northern Region Highways and Aviation	(1)			Maintenance and Operations of Maintenance Management System A fulltime Analyst/Programmer position was established in the FY04 budget to provide support for the deployment and implementation of a Maintenance Management System (MMS). With MMS transitioning from a CIP-funded project into an ongoing State-funded IT system, the analyst/programmer in the Northern Region Highways and Aviation component is being transferred to the Statewide Information Systems component.					0.0
116	Transportation	Northern Region Highways and Aviation				Maintenance and Operations of Maintenance Management System Delete direct CIP receipt authority used during the design and implementation of the Maintenance Management System (MMS) as a capital project funded by the Federal Highway Administration. Ongoing operating costs of MMS are not eligible for federal funding.			(86.8)	Capital Improvement Project Receipts	(86.8)
117	Transportation	Southeast Region Highways and Aviation				Maintenance for Coffman Cove Highway and Mitkof Highway On Prince of Wales Island, 22 miles of the Coffman Cove Highway are currently being reconstructed by the U.S. Forest Service and will be transferred to the State of Alaska in September 2008. In Petersburg, 22 miles of the Mitkof Highway leading to the South Mitkof Ferry Terminal, currently used by the Inter-Island Ferry Authority (IFA), will be paved in the summer of 2008. Southeast Region Highways and Aviation will begin maintaining the route in the winter months to provide access to the ferry terminal. Both of these routes will require funding to provide winter maintenance using existing staff in the Klawock and Petersburg stations. The purchase of additional sand will also be required.	60.0				60.0
118	Transportation	Southeast Region Highways and Aviation	(1)			Maintenance and Operations of Maintenance Management System A fulltime Analyst/Programmer position was established in the FY04 budget to provide support for the deployment and implementation of a Maintenance Management System (MMS). With MMS transitioning from a CIP-funded project into an ongoing State-funded IT system, the analyst/programmer in the Southeast Region Highways and Aviation component is being transferred to the Statewide Information Systems component.					0.0
119	Transportation	Southeast Region Highways and Aviation				Maintenance and Operations of Maintenance Management System Delete direct CIP receipt authority used during the design and implementation of the Maintenance Management System (MMS) as a capital project funded by the Federal Highway Administration. Ongoing operating costs of MMS are not eligible for federal funding.			(81.5)	Capital Improvement Project Receipts	(81.5)
120	Transportation	Fairbanks Airport Administration				Risk Management Property Premium Increases This amendment funds property liability premiums that reflect updated building replacement costs at Fairbanks International Airport. The largest increase is due to bringing the new addition to the airport terminal on-line in FY08. Increased square footage for the terminal includes demolition of the oldest, obsolete portions of the existing building.			46.5	Internat'l Airport Rev Fund	46.5
121	Transportation	Fairbanks Airport Safety	(2)			Reduce by half the Federal Transportation Security Administration (TSA) grant requested for FY09. The original request was for \$600.0 Federal Receipts and 4 PFT. This request more accurately reflects a five-year cooperative agreement with the Transportation Security Administration that expires in 2012. Average annual reimbursements of approximately \$300.0 that remains in the FY09 budget will allow the addition of two Airport Police and Fire Officer positions.		(300.0)			(300.0)
122	Transportation	Marine Engineering				Contracting out of Naval Architect This excess of Direct CIP funding is due to the reclassification of the Naval Architect position (PCN 25-3174) to a Port Captain. A Port Captain oversees the day to day operations of the vessels and is not eligible to use the Direct CIP funding source. The current positions that are funded with CIP receipts are already budgeted at an appropriate level, making the CIP receipts that were used to fund the Naval Architect position excess receipt authority. 123	University	System Wide				The University reached a three-year agreement with the Alaska Community Colleges' Federation of Teachers (ACCFT) union that was ratified on February 4th, 2008. The agreement includes a 4.9% salary increase, no increase for employer health care contributions and a one-time \$800 workforce development stipend per retained ACCFT faculty member for FY09. The total FY09 increment for the ratified agreement with ACCFT is \$1,195.8 (\$978.7 GF, \$217.1 UA Receipts). Of this amount, the University had already requested \$823.8 (\$606.7 GF, \$217.1 UA Receipts) in the FY09 operating budget.	372.0				372.0
124	University	System Wide				The University reached a tentative three-year agreement with the United Academics (UNAC) union on December 17, 2007. The tentative agreement includes a 6.3% salary increase and no increase for employer health care contributions. The agreement is tentative, but the University anticipates the union will ratify the agreement as early as the week of February 18th. The total FY09 increment for the tentative agreement with UNAC is \$4,180.9 (\$2,332.4 GF, \$705.9 Federal Receipts, \$1,142.6 UA Receipts). Of this amount, the University had already requested \$3,015.0 (\$1,372.4 GF, \$500.0 Federal Receipts, \$1,142.6 UA Receipts) in the FY09 operating budget.	960.0	205.9			1,165.9

127	Governor	Fuel Branch-wide Unallocated				Increase Executive Branch funding to distribute for fuel and utility cost increases. The \$24 million that was provided to offset increased fuel and utility costs was insufficient in FY08. The same amount is included in the FY09 budget. Four departments requested additional funding in the FY08 supplemental bill: Corrections, \$623.1; Public Safety, \$568.1; Transportation, \$3,560.6; and the University, \$2,317.9; for a total of \$7,069.7. Additional funding is requested as it is likely that the cost increases will continue in FY09.	7,100.0				7,100.0
