

Delete: Northern Region: Snow Removal Equipment

FY2009 Request:

\$0

Reference No:

AMD 39130

AP/AL: Allocation

Project Type: Equipment

Category: Transportation

Location: Statewide

Contact: Frank Richards

House District: Statewide (HD 1-40)

Contact Phone: (907)465-3900

Estimated Project Dates: 07/01/2008 - 06/30/2013

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This project was requested in the Governor's Supplemental Budget. Purchase snow removal equipment for airport maintenance operations at various non-primary and primary airports in the Northern Region. The equipment is needed to maintain Northern Region airports in a safe manner during the winter months. Equipment to be purchased includes graders, loaders, dozers, snow blowers, and/or other necessary snow removal equipment. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

FY2006 - \$3,440,000; FY2005 - \$655,000; FY2004 - \$1,520,000.

Project Description/Justification:

Purchase snow removal equipment at various Primary and Non-primary Northern Region airports, including the following:

Minto Airport Grader: Acquire a grader to maintain the new Minto Airport in winter months.

Chicken Airport Grader: Replace the Chicken Airport grader with a new grader with a snow wing and front plow.

Unalakleet Airport Towed Broom and Sanding Attachment: Purchase a towed broom and sanding equipment for the Unalakleet Airport.

Cordova Airport Towed Broom and Plow Truck with Sander: Purchase a new plow truck with sander attachment and replace the existing towed broom that entered service in 1995.

Deadhorse Airport Sander: Purchase a new sander for the Deadhorse Airport.

Valdez Airport Towed Broom: Purchase a new towed broom for the Valdez Airport.

Delete: Northern Region: Snow Removal Equipment

FY2009 Request: \$0
Reference No: AMD 39130

Kotlik Airport Loader: Replace Kotlik Airport's dozer with a loader. The dozer at Kotlik needs to be replaced due to mechanical problems. Because of significant drifting, a loader would be a more efficient piece of equipment for snow removal.

Koyuk Airport Loader: Replace Koyuk Airport's dozer with a loader. A loader would be a more efficient piece of equipment at Koyuk, particularly considering winter drifting issues. Western District would like to replace its 1995 dozer with a loader to improve its snow removal efficiency.

Other snow removal equipment and attachments may be added to this request as needs are identified and funding allows.
