Additional Information / Prior Funding History:

FY2007 - \$2,000,000; FY2005 - \$5,910,000.

Project Description/Justification:

The runway, apron and taxiway do not meet state standards for a community class airport. The airport does not have a runway safety area and does not meet current dimensional standards for length and width. Airport lighting will improve operations and safety during hours of limited visibility and darkness.

Operating and maintenance costs will be approximately \$31,000 per year beginning in 2010.
