	<u>Amount</u>	<u>Staff</u>
Project Development:	0	0
Ongoing Operating:	0	0
<u>One-Time Startup:</u>	0	
Totals:	0	0

Additional Information / Prior Funding History:

None.

Project Description/Justification:

The regions would like to expand their use of anti-icing chemicals. A project was funded in the Statewide Transportation Improvement Program to purchase storage tanks and spreading equipment but was disapproved by the Federal Highway Administration. They believe that anti-icing is a maintenance item and is therefore not eligible for federal reimbursement. This funding would be used in all regions to purchase storage tanks and associated piping/hosing and applicators for applying the chemicals.

This effort will support the Department's Mission End Results and Strategies of:

- Clean up snow and ice from urban highways within 18 hours after end of snow storm.
- Reduce highway fatalities by 2%.
- Improve customer satisfaction with DOT&PF services.
