Additional Information / Prior Funding History:

FY2008 - \$6,200,000; FY2004 - \$5,625,000.

Project Description/Justification:

This segment of the Old Glenn Highway has changed from a rural area to a semi-urban area with business development and single and multi-family residences. The Old Glenn Highway was constructed under standards from the 1940's. Sight distances are limited and there are no turn lanes to allow traffic to exit and enter smoothly from side streets. Failure to improve the Old Glenn Highway at this time could result in operational problems and traffic delays, which could inconvenience the traveling public.
