**Additional Information / Prior Funding History:**

FY2009 - \$500,000 Sec 16, Ch 29, SLA 2008, pg 180, line 26

**Project Description/Justification:**

The City of Hoonah will upgrade the mooring system to better serve the cruise ships that visit the community by providing a secure place to tie up directly to a dock. This would eliminate the need for passengers to be lightered in on zodiacs. Lightering is not as safe as disembarking on a solid dock and some passengers are so apprehensive about being lightered into port that they refuse to leave the ship. This impacts their overall cruise experience and impacts the community economically.
