<sup>1</sup> Includes only funds appropriated to state agencies, not funds appropriated directly to communities or other organizations.

<sup>2</sup> Jobs are calculated by dividing the number of hours of jobs saved or directly paid ARRA funds by the number of hours available in the work period to estimate a full-time equivalent position.

<sup>3</sup> Some of the grants appropriated by the Legislature are not subject to ARRA section 1512 reporting. Recipients of these funds, however, continue to submit quarterly federal financial reports.
