This is an annual program to address the most critical deferred maintenance issues.

Project Description/Justification:

The department is responsible for 256 rural certificated and community airports. Lighting systems are aging and need replacement, towers that elevate beacons have fallen into disrepair, beacons need to be replaced with modern, brighter lamps and beacon assemblies, dust palliatives are needed on runway and apron surfaces, D-1 stockpiles are needed to respond to surfacing repairs and hazardous materials and decaying building removals are necessary.

During FY08, the following items were addressed with this program:

Central Region Dust Palliative Application
 Kenai District Airport Brush Cutting
 Northern Region Aviation Aggregate
 Fort Yukon Airport Vegetative Management
 Grayling Airport Vegetative Management
