

**Sitka: Japonski Island Streets and Utilities****FY2010 Request: \$2,000,000****Reference No: AMD 36174****AP/AL:** Allocation**Category:** Transportation**Location:** Sitka**House District:** Sitka/Wrangell/Petersburg (HD 2)**Estimated Project Dates:** 02/01/2009 - 06/30/2011**Appropriation:** Surface Transportation Program**Project Type:** Construction**Contact:** Frank Richards**Contact Phone:** (907)465-3900**Brief Summary and Statement of Need:**

This is a new FY10 Capital Request. Project consists of three segments of proposed work prioritized in the following order: (A) Upgrade the access road extending from Airport Road to the UAS campus and Mount Edgecumbe High School, (B) sanitary sewer utility improvements along the east end of Seward Avenue, and (C) pave the driveway leading to the city work float. Segment A is the main focus of the project and Segments B and C will be constructed if sufficient funding is available. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

**Additional Information / Prior Funding History:**

FY2004 - \$500,000; FY2003 - \$1,900,000.

**Project Description/Justification:**

The maintenance crews responsible for the section of road to the education complex have regularly shared their frustrations regarding condition with our maintenance crews. Pavement is in terrible shape, with aligating and cracking, and regular potholing. The asphalt is characterized as "shot." The sewer and utility systems were inherited from the Bureau of Indian Affairs, and jurisdictional questions have plagued requests for repairs and upgrades - just this fall a sewer line failure flooded a hangar. The driveway to the city work float is currently gravel. Drainage from the bridge daylight onto the roadway, resulting in constant erosion and poor road condition.
