Additional Information / Prior Funding History:

FY2009 - \$1,000,000; FY2009 - \$20,000,000 GO Bonds.

Project Description/Justification:

The state's complete transportation infrastructure has numerous structurally deficient bridges. In the biannual bridge inspections, critical repairs are identified which need to be addressed in a short time frame. This funding will be used for design and construction of critical emergency bridge repairs.

Bridges that are structurally deficient have been identified along the Seward, Tok, Glenn, Richardson, Haines and Sterling Highways.
