Alaska International Airport System: System Master Plan FY2010 Request: \$1,000,000 Reference No: 47817 AP/AL: Allocation Project Type: Research / Studies / Planning **Category:** Transportation Location: Statewide **Contact:** Christine Klein **House District:** Statewide (HD 1-40) Contact Phone: (907)269-0724 Estimated Project Dates: 07/01/2009 - 06/30/2014 **Appropriation:** Airport Improvement Program **Brief Summary and Statement of Need:** This is an Alaska International Airports System project to review the system airports' facilities, resources, operations and develop a plan for sharing of these assets to maximize aircraft operations within the system. This study is needed to determine the best way to utilize both the Ted Stevens Anchorage International Airport (ANC) and Fairbanks International Airport (FAI) to accommodate air traffic. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods. Funding: FY2010 FY2014 FY2015 FY2011 FY2012 Total Fed Rcpts \$970,000 \$970,000 Int Airprt \$30,000 \$30,000 \$1,000,000 Total: \$0 \$0 \$0 \$0 \$1,000,000 ☐ State Match Required ✓ One-Time Project Phased - new Phased - underway ☐ On-Going 0% = Minimum State Match % Required Amendment Mental Health Bill

Additional Information / Prior Funding History:

None.

Project Description/Justification:

Review the Alaska International Airports System (AIAS) airports' (ANC and FAI) facilities, resources, operations, and develop a plan for sharing of these assets to maximize aircraft operations within the system. During the last ANC Master Planning effort, concern was raised about expansion of the ANC Airport to accommodate projections of increased air traffic without fully utilizing capacity at FAI. This study is needed to investigate that possibility and help guide future master planning efforts at ANC and FAI.
