Additional Information / Prior Funding History:

None.

Project Description/Justification:

The department leased the land for the old Quinhagak Airport from Qanirtuuq, Inc. (the local Native Corporation). Upon completion of the new airport, deconstruction of the old site took place. Environmental remediation is the state's final obligation regarding the property.

Tasks required at the old airport site include removal of storage drums and remediation of soil compromised by petroleum and other airport by-products.
