| 1 | (new) | Office of the Governor | Alaska Resources Marketing and Development | The Office of the Governor requests \$1.7 million general funds to continue in-state gas pipeline work in FY2010. The in-state gas pipeline coordinator continues to work on tasks related to the in-state gas pipeline project. These tasks include acquisition and support of needed permits, evaluation of the pipeline costs, analysis of economic feasibility to industrial and residential consumers, coordinating with commercial entities that could build the pipeline, and promoting gas supply and purchase agreements to ensure commerciality of the project. These funds will ensure the project scope is followed in the current fiscal year. | 1,700.0 | | | | 1,700.0 |
