State of Alaska FY2011 Governor's Operating Budget

Department of Revenue Long Term Care Ombudsman Office Component Budget Summary

	FY2011 Governor	Released December 14th
1/4/10 2:10 PM	Department of Revenue	Page 1

Component: Long Term Care Ombudsman Office

Contribution to Department's Mission

The mission of Alaska's Office of the Long Term Care Ombudsman is to promote and protect the health, safety, welfare and rights of Alaskan seniors, age 60 and over.

Core Services

- Complaint investigations
- Advocacy
- Education

Results at a Glance

(Additional performance information is available on the web at http://omb.alaska.gov/results.)

END RESULT A: Seniors who reside in long term care (LTC) settings will be protected from poor quality of care, environments and/or practices which jeopardize their safety, and from violations to their rights.

- There were a total of 337 different complaints received from complainants in FY2009 by the Long Term Care Ombudsman. Of these, 108 (32%) were either partially or fully resolved to the satisfaction of the complainant. The LTCO has not been able to meet its target of 90% resolved during this reporting cycle.
- The LTCO staff visited a total of six different nursing homes and 66 different assisted living homes in FY2009 though many of the homes were visited numerous times in the course of investigations.
- During FY2009, 94 complaints were received regarding resident quality of care. This is an increase of 124% from the number of complaints (42) received in FY2008.
- The LTCO received 115 complaints regarding violations of long term care residents' rights in FY2009, an increase of 113% from FY2008's 54 complaints.
- In FY2009, 66 complaints were received regarding long term care quality of life issues, a 106% increase in complaints of this type from the prior fiscal year.

Status of Strategies to Achieve End Result

- Of the 15 complaints received where the resident was at imminent risk of physical or sexual abuse, 11 (73%) were investigated within one working day.
- Of the 35 complaints received in FY2009 where the resident was not at imminent risk of physical or sexual abuse but rather was at risk of verbal abuse, psychological abuse, financial exploitation, or neglect, 30 (85%) were initially investigated within three working days.
- Of the remaining number of other types of complaints, approximately 80% were initially investigated within seven working days.
- There are 708 skilled nursing home beds and 2,013 senior assisted living home beds in the state for a total of 2,721 beds. There are currently three full-time certified ombudsman assigned to the LTCO.
- The number of full-time long term care ombudsman is inadequate to effectively serve older Alaskans needing assistance in long term care or with other senior issues.
- Six new volunteer ombudsmen were trained during FY2009.
- The LTCO continues to encourage the active participation in Resident Councils in nursing homes and the State Pioneer Homes. Most Resident Councils in these homes are active and have been in existence for extended periods of time. The LTCO was invited to attend one Resident Council to address the residents on the role of the LTCO and the importance of the Resident Council.
- The LTCO was invited to attend 11 Family Councils during FY2009.

END RESULT B: The rights, interests, and well-being of Alaskan seniors, age 60 and older, will be promoted and protected.

- The number of complaints received in all categories increased dramatically by 108% during FY2009 when compared to the prior fiscal year.
- Twenty-five meetings were held with communities across the state educating the general public, families, etc. on issues concerning seniors, especially long term care residents' rights.

Status of Strategies to Achieve End Result

	FY2011 Governor	Released December 14th
<u>1/4/10 2:10 PM</u>	Department of Revenue	Page 2

- The LTCO contacted regulatory agencies on legislative bills or state regulations throughout the year. However, due to the over two-fold increase in case load in the past year, contact with legislative and regulatory agencies was limited.
- This target of three formal training courses offered by the LTCO was partially met. Though only one formal training course was given to care givers in the area of elder abuse and mandatory reporting of abuse, training about elder abuse and reporting of such was given in other venues as well to include 25 community education events.
- Six training sessions were conducted with long term care providers regarding resident rights, the role of the LTCO, and LTCO assistance available to care providers.

	Major Activities to Advance Strategies					
•	Each complaint received by the Long Term Care Ombudsman (LTCO) will be treated as an intake or referred to the appropriate agency Investigate and prioritize each complaint by on-site investigation, telephone and/or record review based on severity of the complaint Input each complaint being investigated or monitored by LTCO staff into the Ombudsmanager database Monitor other state, social and health care provider agencies' actions concerning senior care issues and act to correct adverse trends Provide each LTCO staff and volunteers with initial and on-going training concerning the LTCO program and its activities	 Identify long term care homes with 20 or more residents and facilitate formation of resident/family councils as needed Review and analyze each piece of proposed legislation to determine if there is any potential impact to Alaskan seniors Advocate for seniors with legislators Identify needed legislation or changes to existing legislation around seniors and work with appropriate partners to create or comment on as needed Provide education and outreach to seniors and senior care providers on senior rights and long term care issues Participate in groups, boards, and committees to 				
•	Provide a training certification program for ombudsmen	ensure the interests, needs, and opinions of older Alaskans are represented				

Key Component Challenges

- To meet increased demand for assistance on senior issues, long term care and other programs affecting the senior citizens of Alaska caused by a high rate of growth in senior population, the second highest in the nation, which will add 40,000 seniors to the state population in the next six years.
- To meet the long term care needs of seniors with chronic mental illnesses by overcoming the lack of an adequate number assisted living homes (149 beds in 12 dually licensed homes statewide) that are licensed to care for seniors with this illness.
- To continue to build a strong and reliable volunteer ombudsman program, especially in Interior and Southeast Alaska, which will assist the Long Term Care Ombudsman Office in meeting the increasing needs of seniors.
- To ensure the Long Term Care Ombudsman Office is staffed with an adequate number of ombudsmen and meets at least the minimum national standards based on long term care beds in the state.
- To conduct outreach and education to long term care givers across the state so they will envision the Long Term Care Ombudsman office as a resource to use in providing appropriate care to their residents.
- To advocate for sound public policy locally, state-wide and nationally when considering changes to regulations, laws and existing programs that serve seniors.

Significant Changes in Results to be Delivered in FY2011

No changes in results delivered.

Major Component Accomplishments in 2009

• The LTCO was heavily involved in and an integral part of the State takeover of the former Mary Conrad Center

	FY2011 Governor	Released December 14th
<u>1/4/10 2:10 PM</u>	Department of Revenue	Page 3

nursing home in Anchorage in December. Attention was focused on residents and their families immediately after the removal of the former nursing home administrator, Director of Nursing and others employed by the former operator, Rain Dance. All 90 residents and their families were visited and reassured daily during the first few weeks of the takeover and for several weeks after the action by the State. Knowing that the LTCO was advocating for their rights and wishes as residents resulted in reducing the anxiety of residents and families during this takeover and eventual transition to a new owner.

- Conducted numerous outreach abuse training and informational sessions throughout the state primarily to explain abuse reporting requirements and the role of the LTCO which has resulted in a two-fold increase in the number of cases reported and investigated this year to over 300 cases. Training was conducted in Anchorage, Fairbanks, Kodiak, Seward and Juneau and totaled over 250 caregivers, nurses, hospital discharge planners, social workers and interested citizens in primarily small group settings.
- Played a key role in designing a proposed federally-funded Alaska Victims Assistance Academy to ensure senior abuse is included as a major training component of the 40-hour curriculum. Prior to intervention and persistent insistence by the LTCO, the Academy was focusing on the normally emphasized areas of sexual assault and domestic violence.
- Trained six new volunteer ombudsmen to visit seniors living in nursing and assisted living homes in Anchorage, bringing the total number of volunteers to 31.
