## Kuinerrarmiut Elitnaurviat K-12 School Renovation/Addition, Quinhagak

AP/AL: Allocation

Category: Education

Location: Quinhagak

Project Type: Renewal and Replacement
Recipient: Lower Kuskokwim School District
House District: Bethel (HD 38)

Impact House District: Bethel (HD 38)

Contact: Elizabeth Nudelman

Estimated Project Dates: 07/01/2011 - 06/30/2016

Contact Phone: (907)465-8679

**Appropriation:** School Construction Grant Fund

## **Brief Summary and Statement of Need:**

Kuinerrarmiut Elitnaurviat K-12 School Renovation/Addition, Quinhagak is the #1 project on the department's December 17, 2010 Capital Improvement Projects School Construction Grant list. This project will construct a 32,245 square foot addition and renovate 20,520 square feet of the existing 24,314 square foot school. In accordance with the department's space guidelines, the existing space is adequate for 95 students; however, 205 students are currently being served. In addition, the facility is almost 30 years old and many of the building systems have exceeded their useful life.

## **Additional Information / Prior Funding History:**

No prior funding.

## **Project Description/Justification:**

The existing Kuinerrarmiut Elitnaurviat K-12 School was built in two major phases in the 1980's. In accordance with the department's space guidelines, the existing 24,314 square feet can adequately serve 95 students. The school currently serves 205 students, but is unable to house 110 of those students. By 2018, 284 students are projected to be served.

The facility is almost 30 years old and many of the building systems have exceeded their useful life. This project will renovate 20,520 square feet of the existing 24,314 square foot school, and construct an additional 32,245 square feet to accommodate the anticipated increase in student population over the next five years.

The renovation/construction will provide instructional classrooms, a library/media center, gymnasium, specialty classrooms for industrial arts and science, teacher support space, and other required supplementary space.
