**Project Description/Justification:**  
  
**The purpose of this program is to:**  
 Provide gap funding to increase homeownership and/or rental units throughout the state. This program is designed to help retain desirable professionals in high-cost areas. To date, 319 units have been funded and 297 are under development under this program.

**The projected outcomes are:**

- Increasing teacher retention through housing development, adding 30 units for Teachers, Health Professionals, or Public Safety officials housing in rural Alaska.

**Housing Loan Program - Teacher/Health/Public Safety Housing** utilizes State General Funds (GF) and Corporate (AHFC) funds to supplement the Corporation's popular housing programs through gap funding. These funds will allow AHFC to continue current programs and expand business opportunities with new Teacher Housing, Health Professionals, and Public Safety housing programs. One million dollars are specifically set aside through an allocation for the Village Public Safety Officer's (VPSO) program.

**Program Description:**

The primary focus of this program has been to provide a source of grant funds that will help pay for the development of decent, safe, and affordable rental housing for teacher, health professionals, and public safety officials. This program has and will continue to generate additional loan volume for AHFC.

Attracting and maintaining a pool of qualified teachers, health professionals, and public safety officials in rural Alaska is a goal of the State of Alaska. In order to achieve this, housing must be available, affordable, and of a quality that encourages these professionals to locate and stay in rural settings. These programs were developed to respond to the need for additional housing for professionals and their families by providing grants to fill the funding gap for various housing projects. Funding is made available through a competitive process for new construction, rehabilitation, and acquisition of housing.
