Has this project been through a public review process at the local level and is it a community priority? Yes No

Location **Scenic Park Elementary School**

Project Title: **Replace Existing Hockey Rink**

Amount of Funding Requested \$200,000.00

Total Funding to complete project \$200,000.00

Primary House District: 25 **Secondary House District(s):**

Primary Senate District: M **Secondary Senate District(s):**

Project Description

Principal's Priority 1

We would like to replace our ice rink. The current rink is in bad shape. The asphalt has large bumps in it making it impossible to plow and requiring the snow removal to be done with snowblowers and shovels only. The boards are rotting away and many of them (and the brackets holding them together) are well beyond repair. It is becoming more and more difficult to maintain the rink and to find people willing to do it in the shape it is in. This project includes asphalt work and the purchase and installation of new boards, brackets, fencing, etc.

Benefits if Project is Funded

If completed, our students and the community around our school will be able to continue skating and enjoying the time together outside. Our physical education and health teachers will be able to continue to use the skates we have purchased in the lessons and activities they offer. This is an important part of being a student at Scenic Park.

Impacts if Project is not Funded

of Students impacted by project 400

Project Start Year 2013

Project Finish Year 2014

Project has matching funds are available **No**

Project has prior state funding available **No**

Project has federal funding available **No**

Project has had a public review process **Yes**
