Project Description

Principal's Priority

2

Carpet for 27 classrooms, including 2 relos used for music/health, library, and art. The carpet in many of the rooms is in a deplorable state from age and general usage. The classrooms have not had new carpet in approximately 20 years. The carpet is so stained that cleaning it does not do much in the way of appearance. When the teachers came back this year, many of them again asked me if the carpet had been cleaned. Last year, one teacher asked if she could paint rocks on the floor to improve the appearance. Students deserve to work in an environment that is esthetically pleasing to the eye. New carpet would greatly improve the overall look of the classrooms.

Benefits if Project is Funded

Gladys Wood would be more welcoming to all of its clients. Cleanliness and the appearance of cleanliness are important. Students would take greater pride in their school facility. The carpet is really past its timeframe. Please consider replacing it.
