State Funding Requested: \$500,000**House District: Anchorage Areawide (11-27)**

One-Time Need

Brief Project Description:

This project will construct underground storm drain improvements between two lots. The project will improve safety and reduce O&M costs by reducing flooding and ice build up.

Funding Plan:

Total Project Cost:	\$500,000
Funding Already Secured:	(\$0)
FY2014 State Funding Request:	<u>(\$500,000)</u>
Project Deficit:	\$0

Detailed Project Description and Justification:

This project will construct underground storm drain improvements between two lots. The project will improve safety and reduce O&M costs by reducing flooding and ice build up.

A concept study report is being prepared. State grant funding is proposed.

Drainage from this intersection flows westward across private property into a Sand Lake canal. The drainage system does not work well.

The grant funding may be used for planning, design, utility work, obtaining rights of way and easements, and any activity associated with constructing the drainage improvements.

Project Timeline:

Design expenditures will occur in 2014 and 2015. Construction expense is anticipated in 2015 and 2016.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Municipality of Anchorage
