

State of Alaska FY2014 Governor's Operating Budget

Department of Health and Social Services General Relief/Temporary Assisted Living Component Budget Summary

Component: General Relief/Temporary Assisted Living

Contribution to Department's Mission

Provide temporary assisted living to protect Alaska's vulnerable adults.

Core Services

- Provide temporary assisted living for vulnerable adults over the age of 18, as referred by Adult Protective Services investigators or community health professionals.
- Provide transportation costs to move individuals from their current living situations into a safe living situation until permanent arrangements are made.

Major Component Accomplishments in 2012

- The General Relief/Temporary Assisted Living program served 1,019 clients in FY2012. The division worked closely with care coordinators, hospital discharge planners, assisted living homes, family members and local law enforcement and court systems to match vulnerable adults with assisted living homes.
- The Adult Protective Services Program received 5,385 Reports of Harm and investigated 1,843 of these reports for abuse and/or risk of abuse. These critical services help to prevent or stop harm from occurring to vulnerable adults and include information and referral, investigation of reports, protective placement, guardianship/conservatorship counseling and mediation.

Key Component Challenges

- Capacity development is a key need for many Alaskan communities. The U.S. Census Bureau predicts that the senior population in Alaska will increase from 26,000 in 1993 to over 90,000 by the year 2015, an average annual increase of 11%. The fraction of this population that requires significant assistance from the state will grow proportionately to the overall senior population. The current service provider capacity is insufficient to meet their care needs.
- Current state resources for adult protective services are limited. Community resources such as local police and medical personnel are one source of reporting suspected elder abuse or neglect. To ensure more complete reporting, the state must increase training for these community resources.

Significant Changes in Results to be Delivered in FY2014

The U.S. Administration on Aging awarded the Division of Senior and Disabilities Services, Adult Protective Services program \$1.0 million to fund Elder Services Case Management services over the next three years. The division will use these funds and draw on its existing research and practices to pilot and test preventive interventions for the prevention of elder abuse, neglect, or exploitation of vulnerable adults.

Updated Status for Changes in Results to be Delivered in FY2013

The department has created a work committee made up of the Division of Behavioral Health and Senior and Disabilities Services staff who manage their respective General Relief/Temporary Assisted Living programs. This committee will work to develop an assessment tool to better determine eligibility.

Status Update for FY2013:

The work committee has been expanded to include representation from the Mental Health Trust Authority. The committee continues to meet and work to develop the respective General Relief programs. The Division of Senior and

Disabilities Services developed an assessment tool to better determine eligibility. The department is working on transferring clients with a primary diagnosis of mental illness to Behavioral Health.
