Amount of Funding Requested \$67,200.00

Total Funding to complete project \$67,200.00

Primary House District: 15 Secondary House District(s):

Primary Senate District: H Secondary Senate District(s):

Project Description

Principal's Priority

2

Orion is requesting grant funding for additional 20 interactive display devices. These devices may include, interactive projectors, or other interactive display technology as allowed for on the ASD approved technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

The benefits of this project are numerous. Orion has only two interactive technology boards in our school. Only a few students currently are able to participate in hands-on interactive learning in the areas of reading, math, and technology. All staff will be trained to use the technology, and students will move on to secondary schools with stronger technology skills.

Impacts if Project is not Funded

Without the project our students will not be as strong in their academics and in the use of technology in their learning.

of Students impacted by project 500

Project Start Year 2014

Project Finish Year 2015

Project has matching funds are available No

Project has prior state funding available No

Project has federal funding available No

Project has had a public review process Yes
