**Project Description**      **Principal's Priority**      3

Replace existing security cameras, which are analog and will no longer be able to be maintained by the district. Furthermore, Creekside Park's current cameras do not provide enough coverage of the building to fully deter vandalism, theft, breaking and entering or other types of criminal activities.

**Benefits if Project is Funded**

Installation of camera equipment in and of itself deters people from damaging the building and engaging in inappropriate activities on the school grounds. Also, it does allow the district and school to look at footage if criminal acts have occurred, thereby assisting in the apprehension of the persons engaging in criminal acts.
