Project Description

Principal's Priority

4

Creekside Park Elementary is requesting grant funding for various classroom based technology. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment. This technology may include, but is not limited to:

printers
computers
computer carts
interactive technology
software
cameras
document cameras
projectors
sound systems
replacement projector bulbs
replacement batteries,
video production equipment
digital storytelling equipment

Benefits if Project is Funded

There would be improved use of already existing technology, skill development in all academic areas for students and more engaging instruction.

Impacts if Project is not Funded

If project is not completed then the school will continue to lag behind other buildings with the integration of technology driven instruction. Creekside Park does not have interactive projectors and is currently using document cameras, basic projectors, touch technology and computers.

of Students impacted by project 515

Project Start Year 2014
Project Finish Year 2015

Project has matching funds are available

Project has prior state funding available

No

Project has federal funding available

No

Project has had a public review process

Yes
