Project Description

Principal's Priority 2

Add additional lighting to East High School (EHS) auditorium Request is submitted to purchase ETC Lekos lights (focusable lights), fresnel lights (flood lights) and wildfire black light for the East High auditorium. Currently EHS does not have enough lighting in the auditorium to optimize the capabilities of the auditorium. The purchase of these lights will augment and enhance the current lights that exist in the auditorium.

Benefits if Project is Funded

The purchase of these lights will add to the quality of lighting for performances and productions at the school. This additional lighting will not only benefit EHS and other ASD students, but will also provide higher quality lighting for outside rental groups who use this facility. If additional lights are not purchased, then the auditorium will continue to run at less than optimum capabilities.
