Project Description

Principal's Priority

1

Ocean View Elementary School is working toward having a positive behavior plan in place for the school. We are promoting positive decision for students and staff through SEAK tickets and awards. Our students work hard each day and deserve to have some recognition for this. In order to have students learning in school, we need to promote these positive behaviors through an incentive program.

Benefits if Project is Funded

Through this project, positive interactions will be awarded and thus creating a positive climate in the school. Students deserve to learn how to behave and this program would assist them in learning the importance of positive behavior in a learning environment. The program would allow students to carry their learning across into the community as well as at home. All staff and student take part in this program and incentives help in keeping the students motivated to learn.

Impacts if Project is not Funded

of Students impacted by project 1000

Project Start Year 2014

Project Finish Year 2015

Project has matching funds are available No
