Project Description **Principal's Priority** 3

Purchase and installation of lockers in the intermediate hallway for grades 4th, 5th, and 6th.

Benefits if Project is Funded

The class sizes of our intermediate grade levels have been increasing. The area in the classroom where coats are kept is not sufficient for all the winter gear, backpack, and shoes for physical education. Often these items are in a walkway due to lack of space. Putting lockers in the hallway for outdoor gear will eliminate the hazards of having the walkway scattered with coats and other outdoor clothing.
