#### **Project Description**

#### Principal's Priority 2

Steller Secondary has had the same folding chairs in the MPR for a number of years. Almost all of the chairs are either stained or broken from over handling and Steller Secondary holds many events that require audience seating. Stackable chairs would be an asset to Steller Secondary.

#### **Benefits if Project is Funded**

Students at Steller Secondary already feel as if they are treated differently from the rest of the district because the school they attend is so old. All of the other high schools to include Polaris K-12 have had major renovations. Steller Secondary students deserve to have new chairs.
