Primary Senate District: I Secondary Senate District(s): F,G,H,J,K,L,M,N

Project Description

Principal's Priority

5

Steller is seeking new student seating in the Steller Lounge (lobby). Currently, the furniture is usable, but inefficient. We are seeking furniture that is user friendly, where students can eat, work, or meet in a comfortable and warm setting. The wooden benches don't provide a sense of welcoming to students or parents. Steller Secondary does not have a lunch program or a designated eating area, so students sit in the lounge. The new seating will provide a user friendly space and create more seating than that which is currently in place. The seating has been researched and the space redesigned by an architect based on what the University of Alaska Anchorage has in their student center.

Benefits if Project is Funded

The lounge is the first thing people see when they enter our building. By creating a warmer setting with more comfortable seating, people will feel more welcome to our building.

Impacts if Project is not Funded

of Students impacted by project 300

Project Start Year 2014
Project Finish Year 2015

Project has matching funds are available No

Project has prior state funding available No

Project has federal funding available No

Project has had a public review process Yes
