Amount of Funding Requested \$10,500.00

Total Funding to complete project \$10,500.00

Primary House District: 13 Secondary House District(s):

Primary Senate District: G Secondary Senate District(s):

Project Description

Principal's Priority

1

Ursa Major Elementary is requesting grant funding for an additional 32 touch technology devices. These devices may include ipod, ipads, or other tablet devices that are already sanctioned on the ASD Approved Technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

Students will have a seamless access to learning tools that our district has available for all students. Having touch technology allows teachers and students to access the learning tools for all students in the school through a check out process that is aligned with our RTI, (Response to Instruction) times and the grade level Language Arts times, so the tools are available to each grade level, 'Just in Time'.

Impacts if Project is not Funded

of Students impacted by project 430

Project Start Year 2014

Project Finish Year 2015

Project has matching funds are available No

Project has prior state funding available No

Project has federal funding available No

Project has had a public review process Yes
