Change Record Detail - Multiple Scenarios With Descriptions

Department of Environmental Conservation

Component: Food Safety & Sanitation (2343)
RDU: Environmental Health (207)

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	PFT	Positions PPT	NP
Funding Source Change to provide fresh/frozen seafood and other low risk inspections.												
	FndChg	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1002 Fed Rcpts		-219.8										
1108 Stat Desig		219.8										
A funding source switch is requested to replace uncollectable federal receipt authorization with statutory designated program receipts, which will be collected through reinstatement of fresh/frozen seafood and other low risk inspections. Annual inspection of these facilities/processor's is required in order for the Food and Drug Administration (FDA) to issue export certificates.												
Restore Food Safety Inspectors in three locations.												
	LIT	0.0	200.3	0.0	-200.3	0.0	0.0	0.0	0.0	3	0	0
A funding source switch from uncollectable federal receipts to statutory designated program receipts has been requested, in this component's budget, to provide funding for fresh/frozen seafood and other low risk inspections. A line item transfer is required to reinstate Environmental Health Officer's in Dutch Harbor, Tok, and Fairbanks. These positions are needed to provide inspections of fresh/frozen seafood processors and other "low priority" food inspections in order to ensure products are wholesome and marketable, without negatively impacting the inspection of higher risk facilities in the state. Annual inspection of these facilities/processor's is required in order for the Food and Drug Administration (FDA) to issue export certificates.												
Fund Source Change to appropriately reflect operations.												
	FndChg	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1003 G/F Match		-108.6										
1004 Gen Fund		108.6										
A funding source change from general fund match to general funds is being requested to correctly reflect funding for current component operations. Services in this component have been realigned to accomodate FY2000 reductions and the subsequent inability to collect certain revenues. Uncollectable federal authorization has been changed to statutory designated program receipts in support of fresh/frozed seafood and other low risk inspection services. This request shifts funding necessary for continued program implementation from match associated with the changed uncollectable federal authorization to general funds.

New Federal Requirements exist for consumer confidence reports and the groundwater treatment rule. All Class A water systems that serve either a community or a public school must issue an annual Consumer Confidence Report to their customers. Failure to issue a report may result in EPA taking enforcement action, which could negatively affect performance measure for the State's implementation of the Safe Drinking Water Act (SDWA) and future federal grant allocations. The position requested will assist system operators in obtaining information needed to produce these Consumer Confidence Reports, including how the internet may be used. All activities associated with maintaining primacy of the federal drinking water program are grant eligible.

1108 Stat Desig		534.5										
The transaction to create a new Water Quality Grants BRU contained technical errors. The transaction took all federal funding from the contractual line (instead of a mix of contractual and grants), leaving a negative balance in the contractual federal fund source distribution. Since all funding for grants and contractual obligations was taken from the contractual line, the funds originally budgeted for grants (in the grants line - 77000) need to be moved to the contractual line. This distribution corrects these technical errors.

1003 G/F Match		-118.8										
<p>The federal grant that partially funds the Village Safe Water and Remote Maintenance Worker programs has a reduced match rate for FY 2001. The funding ratio for this grant is 3 federal dollars for each state dollar. Prior year funding ratio was 2 federal dollars for each state dollar. A fund source change is requested to increase federal authorization and decreases the associated general fund match requirement to account for this change.</p>
