Additional Information / Prior Funding History:

Project Description/Justification:

This project will replace the existing 21-to-40-year-old, 26,903 square foot school facility. The 15,692 secondary building was closed down in 1999 due to widespread rotting of the structural framing. Two temporary classrooms have been barged up from Seattle for school year 1999-2000. This project will construct a new 36,078 square foot facility to replace the existing facility and eliminate current unhoused students. Proposed cost: \$14,989,249.
