**Additional Information / Prior Funding History:**

**Project Description/Justification:**

This project will supplement Buckland's FY99 grant by providing additional improvements requested at that time but not awarded. They include: additional decks and ramps, cubbies and teaching stations, renovation of four high school classrooms and a vocational education shop, fencing, a generator, kitchen storage, filing units, rolling bleachers, and cable trays. The existing Buckland K-12 School is 38 years old and covers 6,350 square feet; 31,652 square feet of new space was added in the FY99 project. Proposed cost: \$2,311,700.
