Project Description/Justification:

This project will construct a 10,287 square foot addition to the original 15,617 square foot, 23-year-old school. The school is currently operating at 151 percent capacity and is expected to reach 194 percent by FY2007. The planned addition will include eight classrooms, three specialty classrooms, a gym addition, office, library, locker and shower room, and storage, circulation, and mechanical spaces. The design and planning phase for the project is recommended for current funding. Proposed cost: \$4,513,201.
