Additional Information / Prior Funding History:

Project Description/Justification:

This project will construct a 7,600 square foot addition comprised of four new classrooms, a library, a physical education area, and a covered internal corridor. Habitable portions of the existing structure will be renovated and reused. The 36,425 square foot facility, built in 1955 and 1964, lacks seismic reinforcement and fire code compliance. Proposed cost: \$4,323,508.
