**Additional Information / Prior Funding History:**

**Project Description/Justification:**

This project will construct a 6,800 square foot addition to the original 5,180 square foot school to house all of its students under one roof. The 1,443 square foot elementary classroom building c.1950 and its 1970 addition have been designated as unsafe and are in danger of roof collapse. This building will be demolished. The existing building will be renovated to include: new roofing, exterior doors, exterior windows, fire sprinklers, fire alarm systems, mechanical system upgrade and electrical system upgrades. Proposed cost: \$4,005,570.
