**Additional Information / Prior Funding History:****Project Description/Justification:**

This project is for a 10,279 square foot addition to the 14,664 square foot school, originally constructed in 1979 and added to in 1987. The school is currently operating at 149 percent capacity and it is expected to reach 209 percent capacity by FY2007. The addition will include four classrooms, a computer lab, two locker and shower rooms, five enlargements of existing rooms, and administrative, storage, circulation, and ancillary spaces. The design and planning phase for the project is recommended for current funding. Proposed cost: \$4,001,685.
