**Additional Information / Prior Funding History:**

**Project Description/Justification:**

This project will fill in the old sewage lagoon and construct a new one on property it will purchase. It will also construct a new 100,000 gallon potable water tank and provide utilidor systems for both. The existing tank has been leaking and the same has been reported of the existing lagoon, although verification of that has not been established. Proposed cost: \$796,266.
