Statutory Designated Program Receipt authorization is needed to pay the Municipality of Anchorage for the lease of the DOC Correctional Academy. These funds will be provided through receipts collected from the Municipality of Anchorage for housing offenders charged under municipal ordinances. The Training Academy lease has historically been included in the Cost of Care agreement with the Municipality of Anchorage. The updated agreement for the Anchorage Jail will require these receipts be budgeted in the Correctional Academy component.

<b>Spring Creek Sub-Acute Care Unit and Juvenile Offender Program</b>												
	Inc	251.3	186.2	0.0	65.1	0.0	0.0	0.0	0.0	3	0	0
1037 GF/MH		126.3										
1092 MHTAAR		125.0										

The treatment services of a mental health clinician, psychological counselor, registered nurse, and contract substance abuse treatment provider will be jointly utilized on two units at Spring Creek Correctional Center in Seward: the Sub-Acute Care Unit for seriously mentally ill men, and the Juvenile Offender Unit.

**Sub-Acute Care Unit:** Additional treatment resources are needed to house and treat up to 65 seriously mentally ill men at Spring Creek Correctional Center. DOC will utilize a psychological counselor to provide structured treatment, including individual counseling, groups, and behavior management. DOC will employ a registered nurse to help dispense and monitor the side effects of psychotropic medications, and will contract for substance abuse treatment services. The goal of the program is to provide enhanced programming for seriously mentally ill men to improve their ability to transition to the general population and eventually to a community setting when released.

**Juvenile Offender Unit:** DOC will provide specialized mental health and substance abuse treatment services for up to 50 juveniles age 19 and under housed at Spring Creek Correctional Center. A mental health clinician will conduct comprehensive assessments and create rehabilitation plans. The clinician will also provide individual and group counseling. Age appropriate substance abuse programming will be provided by a contract treatment provider. The registered nurse will oversee any dispensing of medications. The proposed staff will implement rehabilitation programs to help these offenders develop appropriate, realistic, alternative coping skills prior to their re-entry into society.

**Establish State Positions**

LIT	0.0	848.2	0.0	-848.2	0.0	0.0	0.0	0.0	0.0	15	0	0
-----	-----	-------	-----	--------	-----	-----	-----	-----	-----	----	---	---

Funds are being transferred from the contractual line to the personal services line to fund state positions for the Inmate Health Care component. The previous nursing contract is being eliminated to convert to State positions and reduced costs. The Department is in the process of identifying positions to be deleted in Correctional Facility components as an offset to these newly established positions. An equal number of positions will be deleted in the Governor's Amended Budget in Correctional Facility components. This will reduce vacancy factors in the facilities.

**Year 2 Labor Costs - Net Change from FY2001**

Additional receipt authority for housing increased numbers of federal inmates. These funds (other than \$98.5 PS which is being used to fund an Assistant Director position) will be transferred to institutions based on which institutions are anticipated to house the increase in federal inmates, and to Transportation and Classification to offset overexpenditures in transporting inmates. A portion of this increment is posted in the Transportation and Classification component to reduce the vacancy factory to within tolerance.

<b>Substance Abuse Assessment Specialist</b>	Inc	60.2	60.2	0.0	0.0	0.0	0.0	0.0	0.0	1	0	0
1092 MHTAAR		60.2										

The Department of Corrections requires a Centralized Substance Abuse Assessment Specialist who will work with correctional staff to assess felony inmates with significant substance abuse problems and assign them to an appropriate setting: therapeutic community in a correctional institution, outpatient treatment in a sentenced facility, or furlough bed in a community substance abuse treatment program.

The addition of this assessment function will make it possible to address substance abuse treatment needs of inmates early in their incarceration, increasing the likelihood that rehabilitation will occur prior to release, and reducing the rates of recidivism following release. At present, the treatment needs of many inmates are not identified early in their involvement with Corrections. Because felons spend a significant amount of time incarcerated, they should be assigned to the institution that best offers the opportunity for rehabilitation and reduces the chance for recidivism. The Assessment Specialist will be particularly helpful in referring the most appropriate inmates to the DOC Men's Residential Substance Abuse Treatment (RSAT) program

<p>Alaska Natives represent 35 % of Alaska's adult prison inmate population of 2,000. DOC proposes to provide culturally relevant programming at six correctional centers. DOC will work with approved contractors to provide quality culturally relevant programming for mentally ill Alaska Native offenders. A focus of the project is to help Native offenders benefit from institutional programs and to help make a positive transition from DOC to the community. Culturally relevant programming may include traditions and spirituality groups, talking circles, and meetings with Elders/mentors. DOC will work with mental health staff to provide culturally sensitive services by educating staff with respect to Alaska Native cultures. DOC will provide cultural diversity training to mental health staff so that they will have the resources and knowledge to make their programs culturally meaningful. Information on Alaska Native tribes and history, culturally specific intake and assessment techniques, treatment strategies designed to incorporate traditional Native values, case management in rural areas, and the roles of Native Elders are critical components of such training programs. Services to be offered at Palmer, Hiland Mountain, Fairbanks, Wildwood, Spring Creek, and Lemon Creek centers.</p>													
<b>Inmate Substance Abuse Treatment (ISAT)</b>													
	Inc	226.0	0.0	0.0	226.0	0.0	0.0	0.0	0.0	0	0	0	0
1037 GF/MH		226.0											
<p>DOC requests a \$226.0 increment in MH/GF for FY 02 for the ISAT program, which has had no increases in funding since 1993. The program is losing experienced, qualified substance abuse treatment contractors due to increased costs associated with providing this service. Contractors can no longer afford to offer the service for the funds currently available. Efforts have already been made to amend contracts through reduction of hours and weeks per year, however further reductions would damage the quality and consistency of the program.</p> <p>Approximately 2,000 inmates with substance abuse disorders are admitted to the Inmate Substance Abuse Program that provides education and counseling for offenders. This program not only provides education, but offers an opportunity to identify inmates who may need referral for continuing care following release. This program has experienced serious reductions in services due to flat funding since 1993. DOC has lost valuable substance abuse education, assessment and referral services at Mat-Su Pre-Trial Facility as a result of decreased contract hours to compensate for inadequate ISAT funding. Sixth Avenue Correction Center lost the same services as a result of the resources being needed elsewhere. The judicial system, DOC, and treatment providers recognize what research bears out; that substance abuse/dependency is a major factor in crime and recidivism rates. If funding is not increased for such services to inmates, costs in the areas of law enforcement, judicial and correctional expenses, and emergency services will increase. An increase in funding is required to allow the ISAT program to operate at the level of service provision that was originally intended.</p>

This increment is requested due to an increase in customer sales for Alaska Correctional Industries. An increase in customer sales will require additional raw material and associated manufacturing expenditures. Primarily these increases have been in three operational areas:

- 1) In order to offset continued losses at the Mt. McKinley Meats plant, that operation has developed other potential markets involving the increased purchase of red ticket food items for repackaged wholesale to correctional centers.
  - 2) The market base for the furniture operations at WWCC and SCCC has slowly expanded with increasing customer sales.
  - 3) The recent development of the garment shop at the HMCC has now established a market for its new product line and support in manufactured goods to the existing line sold by the FCC Flat Goods & Garment Shop.
- All expenses associated with this increment will be offset from sales from additional revenues and profits deposited into the Correctional Industries Fund.

<p>The New Anchorage Jail is a multi-use facility, which will serve as the central intake for all misdemeanor and felon prisoners within the Municipality. The facility will provide law enforcement agencies access to the requisite court services within a secure setting. It will meet most of the need for short-term male detention requirements for the area.</p> <p>The structure will be owned by the Municipality of Anchorage and operated by the Department of Corrections. This cooperative arrangement is similar to the current Operating and Lease Agreements between the State and MOA for the Sixth Avenue Jail. The 180,930 square foot facility will include an Intake/Transfer/Release area, Program Space, Administration, Medical, Plant Services, a Magistrate Court space and the City's Inebriate Transfer Station.</p> <p>Institutional staff have simultaneously been involved in daily operations at Sixth Avenue Correctional Center and in laying groundwork for all operating processes necessary for the transition to the new Anchorage Jail.</p> <p>This increment will fund staffing and Jail operations to open the facility in FY02. A staggered hiring plan will have the benefit of ensuring a smooth transition in the new facility. This increment includes funding for partial year operations and one time start-up costs.</p>

Enhancements to the inmate phone system will allow a local call fee to be assessed to inmates.												
The inmates will purchase phone debit cards to enable utilization of the inmate phone system. The debit card system, if approved by the Alaska Regulatory Commission, will provide increased security, make inmates financially responsible for phone usage and reduce frivolous calls. In addition, the receipts will offset the monitoring costs of the program.

The DOC contracts with 15 Community Local Jail sites to provide for the care and custody of persons charged or convicted of offenses against the state or held under the authority of state statute. These Community Local Jail sites provide up to 156 incarceration beds for persons serving short-term sentences. The Department of Corrections (DOC) took over oversight and management of these Community Jail sites effective July 1, 1995 from the Department of Public Safety (DPS). On January 1, 1995, prior to transferring oversight and management of the program to DOC, the DPS implementing a new cost of care funding schedule for every Community Local Jail site based on recommendations made from a 1994 Governor's Task Force. These contracts totaled \$4,717,069.75. There has been no funding increase for these contracts since January 1995 despite an approximate 10.5% consumer price index increase during this period (January 1995 through June 2000). Prisoner populations at these sites have been increasing over the years and additional resources are required to maintain the infrastructures of these Community Jails. Funds are needed to pay for inmate security staff salaries, facility utilities, insurance, food costs, bedding, and other consumable institution supplies. Several of the Level III Local Community Jail's (i.e., Kotzebue, Dillingham, and Kodiak) are operating at their

<b>Transfer authorization from contractual to reduce vacancy factor</b>												
LIT		0.0	10.5	0.0	-10.5	0.0	0.0	0.0	0.0	0	0	0
Authorization is transferred from the contractual line to the personal services line to reduce vacancy in this component to within tolerance. These funds will be available as the out-of-state population is reduced toward the end of FY02.												
<b>Reduce Out of State Contract Beds</b>												
Dec		-610.0	0.0	0.0	-610.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		-610.0										
(\$610.0) General Funds/73000 Contractual Services. For FY02, the Agency's contract with Central Arizona Detention Center will be at 800 beds from July 1, 2001 through March 31, 2002, drop 100 beds to 700 beds for April through June 2002, than drop another 100 beds to 600 beds for June of FY02, in conjunction with the opening of the new Anchorage Jail. The DOC will transport these 200 inmates from the out of state CADC facility to in-state correctional facilities where beds will be opened up from moving prisoners to the New Anchorage Jail. These transfers of prisoners from the CADC Facility to in-state facilities will save the State approximately \$610.0 of general funds for FY02. 100 Prisoners X \$54.57 X 91 Days (April 1-June 30) = \$496,587 100 Prisoners X \$1.85 X 91 Days (Gratuities) = \$16,835 100 Prisoners X \$54.57 X 30 Days (June 1- 30) = \$163,710 100 Prisoners X \$1.85 X 30 Days (Gratuities) = \$5,550 Transport Costs to relocate Prisoners to AK = (\$72,700) Total Savings \$609,982 or \$610.0
