Project Description/Justification:

The purpose of this project is to reduce deferred maintenance and address small renovation projects, in accordance with AHFC's 10 year plan, at several facilities utilized by senior citizens and low-income families.

The projected outcomes are:

- Provide building security/accessibility modifications for the physically challenged;
- Make energy efficiency upgrades;
- Make mechanical system upgrades; and
- Perform site improvements and general physical upgrades.

Building security and accessibility modifications are needed to ensure resident safety and security and to comply with current ADA standards at facilities throughout the state.

Mechanical and energy systems upgrades are needed to improve system efficiency, prevent costly winter failure and reduce maintenance expense.

Site improvements will be undertaken at several facilities statewide to provide parking lot and sidewalk upgrades, foundation repair, fence, storage sheds and landscaping.
