**Estimated Project Dates:** 07/01/2003 - 06/30/2008

**Appropriation:** Airport Improvement Program

**Brief Summary and Statement of Need:**

This project is anticipated to meet the planning, scoping, and preliminary engineering requirements to address a number to terminal facility functional, operational, and code compliance deficiencies. While it is important to address known existing deficiencies, also included will be a more long term solution for the newly implemented Federal requirement for 100% inspection of checked baggage to better accommodate passenger and baggage flows. Existing terminal baggage handling systems were never designed to accommodate this substantial requirement.
