**Project Description/Justification:**

Specific federally-funded programs:

**1. Community Services Block Grants:** As authorized by federal Public Law 97-35, throughout the United States the federal Department of Health and Social Services (H&SS) has designated 950 "Community Action Agencies" (CAA's) -- all of whom may then receive federal funding that passes-through their appropriate state agency. Within Alaska the federal H&SS has designated only one CAA -- that entity is the non-profit corporation Rural Alaska Community Action Program, referred to as RurAL CAP.

RurAL CAP's mission is to protect the heritage of, while also improving the quality of life for, low-income rural Alaskans. This is accomplished through educational programs such as alcohol and drug abuse prevention programs, prevention of fetal alcohol syndrome programs, and child development programs; adult training; affordable housing programs; advocacy of and instructing low-income individuals how to advocate for themselves.

This program has been in existence since before 1980. The federal H&SS provides 100 percent of the funding which has averaged \$2,500,000 annually until FY2004, when the funding increased to approximately \$2,500,000. For FY2005 DCED anticipates \$2,500,000 in federal funding.

**2. Food and Nutrition Grants:** The program provides grants to non-profit corporations that work with and/or coordinate efforts of the various entities providing services to the homeless throughout Alaska.

**3. Community Development Block Grants:** This program provides grants not to exceed \$200,000 to municipalities for planning activities, infrastructure projects, and economic development activities which benefit low - to moderate - income individuals.

This program has been in existence since 1983. The federal Department of Housing and Urban Development (HUD) provides 100 percent of the funding which has averaged \$3,200,000 annually until FY2004, when the funding increased to approximately \$3,370,000.
