Project Description/Justification:

This capital project provides housing modifications to persons experiencing a disability, allowing them to remain in their homes and potentially reducing the cost of providing supported housing. This project increases the accessibility of current housing so that Trust beneficiaries and other special needs populations can move into or remain in their own homes. Home modifications are available to people wherever they reside, regardless of whether they own or rent and with whom they live. Typical kinds of assistance provided are accessibility modifications or additions (e.g., widening doorways, remodeling bathrooms or kitchens, installing entrance ramps, adding bathrooms or bedrooms) and related equipment.

Grantees will coordinate their efforts with the AFHC Weatherization Program and similar tribal and municipal programs to supply essential repairs or upgrades to building structures (e.g., heating, plumbing, and/or electrical systems, roofs, weatherproofing, energy efficiency improvements). Funds will not be available to duplicate down payment, mortgage buy-down, or building repair and weatherization programs currently operated by AHFC.

The Department's mission is: *To promote and protect the health and well being of Alaskans*. This project supports the Department's mission by supporting independent living and assisting individuals to remain in the comfort of their own home for a longer period of time, thus reducing the need for costly institutionalization. This project is supported in the *In-Step Plan*.
