**Additional Information / Prior Funding History:**

FY2005 - \$11,338,600; FY2004 - \$150,000; FY2000 - \$4,900,000.

**Project Description/Justification:**

This project will improve the runway which has cracking in the center section and extend the runway and safety area to enable larger cargo and passenger jet or turbo prop aircraft to land and take off more safely with maximum loads. The project will also mitigate FAR (Federal Aviation Regulations) Part 77 obstructions by excavating materials on the rock bluffs east of the runway.
