Estimated Project Dates: 07/01/2005 - 06/30/2010

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

Development funds will be used for design and construction of basic site preparations including, but not limited to excavation and backfill of lease lots, utilities, ramp, taxiway, access road development, vehicle parking areas, lot drainage, and security fencing. Funds can be used for common use projects, or for exclusive use projects where the Airport will recover the cost from the lessee. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods, and by increasing private investment.

Project Description/Justification:

Airport System Development Fund shall be used for any purpose for which Airport System revenues may lawfully be used. To the extent legally permissible, upon request of an Airport tenant and approval of the Airport Manager, Airport System Development Fund moneys may be used on or for the benefit of Airport premises exclusively leased from DOT&PF.

Airport System Development Fund moneys may be used at the request of an Airport tenant for the benefit of exclusively leased premises, and shall be limited to design and construction of basic site preparations and land improvements to be owned by DOT&PF upon construction, including but not limited to, excavation, fill and drainage of lease lots, utility installation, ramp, taxiway, access road development, vehicle parking areas, and security fencing.

Work approved by DOT&PF for use of Airport System Development Fund moneys at the request of an Airport tenant for the benefit of exclusively leased premises may be performed by the tenant on behalf of DOT&PF only under construction standards, methods and contracting consistent with that required for public construction by DOT&PF.
