**Additional Information / Prior Funding History:**

FY2002 - \$1,200,000; FY2001 - \$775,000. Per the Department's new cost sharing policy, the community must provide the match for this project.

**Project Description/Justification:**

This road is the only link from the Bethel Airport to the core residential area of town should major repairs to the Chie. Current road surface conditions on this portion of the Bethel core area road network are poor with rutting and potholes prevalent. The lack of surfacing material along with inadequate road base stability impede traffic flow and damage vehicles. The road is heavily used for both commercial and residential traffic.
